2022 Annual Appeal

We Are HOPE, Inc., a 501(c)3 non-profit organization, has successfully served the employment needs of our community since 1978. Our mission: We Are HOPE, Inc., is dedicated to connecting employers and the workforce in achieving mutual employment success. We have been the ONLY employment resource center in Door County beginning with the creation of Women's Employment Project in 1978 to our current name, We Are HOPE, Inc. Our employment services included the operation a Wisconsin Job Center from 1995 to September of 2019 when Job Center funding was cut.

Today, We Are HOPE, Inc., Inc. has refreshed our location identity as The EmployAbility HUB, to recognize that we are still here providing much needed employment services to the community workforce and employers and partnering with other agencies with the same goal. Our community's workforce success relies on a strong relationship with employers and other community partners to help ensure they have a well-trained and qualified workforce and being able to assist all members of the community with their employment search, career exploration, skill building and retention needs.

The Board and staff are committed to continuing the much-needed employment services that The EmployAbility HUB provides such as; use of computers, printing and faxing, help navigating the unemployment process, maintain physical and virtual job boards, career exploration guidance, conduct skill building classes, and hold recruitment events – all of which are currently able to provided free of charge. We also work hard to ensure we are partnering with other valuable community programs and resources to help everyone reach their full potential.

Did you know we specialize in working with offenders and individuals with disabilities? These can be significant barriers to employment. We thrive on helping mentor and advocate for all individuals to find employment that empowers them to success!

As we continue to plan for today, tomorrow and the years to come, we need your help! We ask that you consider making a donation that will make an impact in the employment needs of our community. Our entire board and staff thank you in advance for joining our community's employment solutions team!

As a satisfied Door County consumer said, "I am very grateful for all the help that I received. Thank you so much for all your great ideas and your help."

Yours truly,

Lori Sampo
